

The Farrier (The Archer Ford Adventure Series Book 1)

Archer Ford is recently discharged from the Navy Seals with a handful of medals and the gratitude of a grateful nation. Although slightly disabled he is twice the man of most using his wits and training to take his life in a similar, but very different vocation. Archer hails from Miami Beach where he grew up a star athlete, but gave up colligate stardom for an appointment to the Naval Academy. He graduated number one and continued to hold that distinguish position throughout his military training. He was the leader of a Seals Special OPS team that didnt really play by the rules. That would become his mantra as a civilian salvage expert. He meets and falls in love with Law Student and heiress, Sennet Cohen and although they were destined for different things, would lead to his successful enterprise. Miami as he is known as meets and falls for Sennets best friend Gail Williams when Sennet and he reach an impasse over what he does for a living. Gail on the other hand, encourages him as he sets out to save the world. The Farrier introduces you to Archer Ford and would become code message for the method of contacting him for his services. Be ready for high seas adventure, murder, intrigue, and honest, but steaming sexually situations.
