

# The Fugitive

Love is an key theme of this book. With abundant imagination, the poet compares flowers to present, praising the pure love and eulogizing the noble character of women in the new era who have been awoken to pursue true love by shaking off the shackles of traditional ideas. In these love poems which are full of flavour of watertown in Indo-Gangetic plain, the poet also describes the lingering love between lovers and the sweet of modern romance.
