

## The Kahunas Secret The Night Marchers Cave (Haleakaloha Adventures Book 58)

Its high adventure on the big island of Hawaii when Duke and his friend Kimo hear an old legend of hidden diamonds in a cave. The excitement and suspense builds as a descendant of the man who hid the diamonds shows up to claim his rights. Or does he really have those rights? Another descendant appears; and then another. Help solve the mystery of which one is authentic and who or what is warning the boys about danger in The Kahunas Secret: The Nightmarchers Cave by Robert R. Dahlgren. There is enough mayhem for all as they attempt to get to the treasure first and everybody gets into the act. Even Kimos little brother six year old Ricky adds to the mystery and almost costs the boys their lives. Are there really diamonds in the paradise state and are the Nightmarchers real or just legend? Is it diamonds or death for the intrepid explorers in the race for the treasure of the old Kahuna?
