

## The Laurelude

A Poetry Book Society Recommended title, *The Laurelude* bursts all borders, literary and political, creating a zone where the Hollywood musical meets the Jolly Beggars, where lament bumps into love lyric, where the dictionaries go to die. Herbert's book is in three sections. The first section, *The Laurelude*, is a blank verse myth about Ulverston's Idiot Boy, Stan Laurel. Othermoor depicts a cubist version of the North where the Wild Boy himself, the late William Burroughs, rewrites the rules. And *The Madmen of Elgin* squashes both *Lost Boys* and *Solitary Reapers* into Middle Scots verse forms for a pre-millennial song-and-dance.
