

The Merchant of Venice: A Metaphysical Interpretation (Classic Reprint)

Excerpt from The Merchant of Venice: A Metaphysical Interpretation It is now three hundred years since Shakespeare wrote his matchless plays, but it is only during the last century that they have been brought forward artistically, critically and educationally, by scholar, actor and lover of the drama. Today they stand supreme among the worlds masterpieces and first in the affections of all English-speaking peoples. During these centuries thinkers of each generation have contributed to a voluminous mass of literature bearing on Shakespeares works.
