

My Spirit Wears Shoes: Written for those other spirits that wear shoes

MY SPIRIT WEARS SHOES is an invitation to discovery. Walk with the author thru the pages of this book as she makes her journey thru moments in time, searching for answers to her being. Follow along as she walks the road of life mapped out by those who have walked before her and others she would meet along the way. In reading you will discover how it was her perception and love of God that would provide answers. You will ponder her vision of nature's response to man's ego and his limitations. You will also find comfort in relating with Marlys as later in life she challenges, in her writing, the misconceptions about such things as loneliness, fear, aging and death that are common to our human experience. This easy to read book is written with a philosophical, sometimes humorous approach to life that is thought provoking, at the same time poetically exposing the reader to a higher level of understanding and sensitivity perhaps making it possible to find themselves somewhere within its pages.
