

## The Secret of The Old Inn

Overview of the Story Plot: SECRET OF OLD INN HOTEL -- INCLUDES PAINTED ILLUS, MAPS, SONG LYRICS , historical data for cultural fanatics. During the 20th Century the World went to war. After the war, boundaries of countries changed. 25 years later a communist regime tried to rule each country one by one. The U.S. & Soviets nearly went to war. Circa 1975 in a fictional meeting -- spies from the West met their foreign counterparts in a Hotel in Illinois in winter to explore a new option. Characters: THE WESTERNERS: U.S. CUSTOMS AGENT JACK Homeland Securitys suave, resourceful, deadly efficient Field Manager for Computer Ops/ Secret of the Old Inn, in the heart of Chicagos downtown. Back in around 1905, a cow knocked over a lantern and burned down the city of Chicago,.... insurance firms ran out of cash to pay for the damages and many newcomers to U.S. never got paid. They survived and they set up jobs, sewing for a boutique in say New York or Manhattan and one day a fashion designer saw a dress and made duplicates out of silk. He is honored in midtown by a life-size statue, he & sewing machine. Down the block relatives, women, had to warehouse out-of-date designs. By world war two rationing made new things scarce, holding them for the army or navy. Useless clutter became worth hundreds to each tailor. Seamstresses sold the warehouses worth, which had been written off at a loss. In old days the poor never throw out anything ;they find a use for it. So with a dollar here and there, school books arrive & by 1975 -- they send money to foreign family back home in very small micro cash. Starting point -- mid- 70s -- New Hampshire /Vermont near border with Canada. Watching spies, Stephen Collins White skis around two chalets, each rented by students for the week,now getting up for breakfast. And in another decade

Americans and Russians would be clinking glasses-- toasting each other -- and in hot pursuit of other terrors, in a united front. But who knew? Today however they were sworn enemies & all converge at the Old Inn Hotel. The Old Inn offers comfort in wing -- and modern or antique -- a banquet or show conference room -- dealers areas -- lecture halls --Old fashioned cuisine & picture windows overlooking the Great Lakes or the street. melds Old world ambiance and modern events -- Consumer Goods Show; no farms, cows or old barns for animals & straw -- \$\$\$ dinner, boating and biking tours of the Great Lakes. Six weeks prior in Vermont-- White had chased a spy through the ski resorts, Now in a room with a stranger from Russia who assured him This is not a seance. We have old stories about glaciers of ice acting as a lense to produce & record 3-D images of mammoths. They are lies. This is real. Through a weakly lit portal came a man with badly accented English. Dressed in a parka he greeted 3 men, two darker than the other, We have to be careful.These are new recruits, not like the other ones. Here they were the neer do wells, in Arabia & Sudan, As in other lands clusters of trouble makers ignored for decades who now have been trained in the ways of modern warfare by two sets of Axis fighters. The inter-face tier are these assorted ragtag armies not finishing high school, a ruse that often deceives observers! . The group above moderately speaking correct English but not very smart intellectually. The final secretive tier -- uses the bottom group as a ruse; in analogy like a football team & quarter back uses a feint before throwing the football to some other player! On our side we have an array of specialists who keep the wheels of the economy running. Our countries are drawn on a different scale map. Because the maps are wrong, Jack scrambles to find the missing civilians.. The birth of the Phoenix, a senile man forgot & handed the charm bracelet style dagger -- the signal to begin war which had ended half century ago. The lower tier re-starts its activities.....
