

## The Orchards of Syon

In the words of the magazine Poetry Review, a kind of late fury has gripped Geoffrey Hill in recent years after a decades silence, with CANAAN (1996), THE LOVE TRIUMPH (1998), SPEECH! SPEECH! (2001) - all published in Penguin - and now this new volume. All these books are driven by a profound quarrel with the modern world. This new book consists of 72 numbered poems, each of 24 lines. Together they make up a kind of Dantean eclogue in which the landscape of Hills youth - rural Worcestershire - offers a glimpse of paradise in the midst of the modern world. This is a major poet writing serious, beautiful poetry.
