Ghosts. Ghouls. Goblins. Just about every G word that makes your blood turn blue. Its in here. Banshees too. And one seriously baaaaaad wizard. Dragons. Knights with long poles. Knights with rusty butts. Its all inside these covers. Two brothers who grow up around a house made of blue and white bricks. One becomes a singer and the other a teacher. But both wind up colliding with a tanker truck and die, exploding into space. In here, I tell you. Theres also a castle where a man named Rocky falls in love with someone named Katie. Yeah, pretty yucky stuff, I know. Thats in here too. But what happens in that castle will curdle your blood, and make you hurl your lunch. You got to see that stuff. Oh, and basketball too. The most famous basketball game of all time is right inside this book. Where can you buy a book with so much stuff for less than a thousand dollars? Hurry, before the author catches on and raises up the price.
