NaTaviss little sister, Tracy, has the power to grant wishes. NaTavis makes a wish to go home, not knowing that his home is not real and only in his mind. Tracys power to grant wishes does something unexpected, and it starts bleeding multiple parallel worlds into their world. Many of the heroes of their world lose their powers as a result of this. So to stabilize the new world thats being created, a young woman named Carol enacts a tournament to keep all people and parties in check. Little does she know, her actions and NaTaviss failed wish starts a whole chain of events that causes thousands of people, aliens, and beings to start coming together in what they hope will be a very interesting future.
