

## The Playboy of the Western World (And Three Other J.M. Synge Plays)

J.M. Synge's *The Playboy of the Western World* is in this edition with three additional plays: *Riders to the Sea*, *The Shadow of the Glen*, and *The Well of Saints*. In *The Playboy of the Western World*, young Christy Mahon rushes into Michael James Falhertys public house in Ireland's County Mayo with a breathless tale -- he is on the run, having killed his father. The pub patrons and locals are far more interested in raising a glass and enjoying the drama of his story than the murder. It transpires that Christy's father is merely injured, but because of the skill in which Christy has told his story he becomes a town hero rather than outlaw. Many of the town's women attempt to seduce him, including Falhertys daughter, the barmaid. *The Playboy of the Western World* shocked critics and audiences with its debut in 1907, pushing the boundary of decency and inflaming Irish nationalist fire. The play was mired in controversy but is now considered a poetic masterpiece.
