

# The Power, the Miracle & the Dream: A Beginners Guide to Lasting Happiness

What if we could tap into a power that can solve all of our problems, dissolve our fears and self-doubts, give our lives purpose and meaning and make our hearts sing? The Power, the Miracle & the Dream is a trilogy revolving around a brother and sister, Hannah and Harvey (or Jonathan) who, at the age of seven and ten respectively, find themselves on a transformational voyage of self-discovery. Hannah, in the first book, Hannahs Power, is a chronic sufferer of asthma, a seemingly mediocre student and a person of limited talents. Then she discovers she can access a power within her that offers to change her life for the better. In the second book, Harveys Miracle, her brother Harvey observes some remarkable changes in Hannah and wants a piece of the action. But is he open and receptive enough to take on board new and challenging ideas and face his greatest fears? Harvey is given a glimpse of the future in book three, Jonathans Dream and the opportunity to compare the outcome of his choices. He discovers he has only two choices. But will he make the right one? Why A Beginners Guide to Lasting Happiness? Whatever our age, be it nine or ninety-nine, we have the ability to change the way we think and call on our hidden power to joyfully enrich our lives.
