

## the Purging, the Breathing, the Essence of the Soul of Terri

Within the shades of today's world, I have found Content and Freedom in words. For myself, the beauty of poetry is a very soothing Art Form and Therapy that I needed to express. I call this a purging of poetry because when I was literally allowed to finally embrace both pen and paper, I went crazy. The words exploded from me like fireworks. Once I started writing, I could not stop. The words poured from my pen like water. They were cleansing and very healing for me. Each and every word expressed released my inner spirit. With so much constriction in my past life, my writing helped bring out the inner me, the real me. Poetry became a part of my Healing Journey. Each piece contained in this book reflects all facets of my journey. Some Poems are very dark and some are very positive roads taken. I am a First Nations Cree Woman from the Samson Cree Nation in Hobbema, Alberta, Canada. Consequently, there are Poems that also reflect pride in my heritage, some which are very strong. Bottom line, I through my Poetry needed to be purged. I welcome you to take this journey with me, the journey of my release through the Poems contained within these pages.
