At a certain point approaching the Mississippi coast, the air fills with the salt smell of the Gulf of Mexico. For all of the characters in Elizabeth Spencers gracefully written novel, the salt line divides past and present, memory and longing, tranquillity and danger. Crossing it places everyone in the chaotic path of Arnie Carrington, former professor and 1960s campus radical, who is on a crusade to restore the small Gulf Coast town of Notchaki after the devastation of Hurricane Camille. Threatening the enterprise is the arrival of Arnies former colleague Lex Graham, who intends to use his wealth to squash his longtime rivals plans for the areas rejuvenation. The romantic, generous Carrington attracts a wide array of devotees -- Frank Matteo, a Mafia-connected restaurateur trying to go straight; Mavis, the pregnant girlfriend Frank has rejected; Dorothy, Lexs unstable wife, who wants to resume an ancient affair with Arnie; and Lexs cherished daughter Lucinda, a coquette who fancies Arnies idealism. The characters in The Salt Line are rebuilding, reckoning with old ghosts, liberating repressed passions, and getting back into life. Elaborately and densely populated, masterfully plotted, and elegant in style, Spencer has woven a tale about the lines that bind, divide, and envelop people. Appealing... eloquent... it wont disappoint you. -- New York Times
