

Shakspere's Plays: The Separate Editions of With the Alterations Done by Various Hands (Classic Reprint)

Excerpt from Shakspere's Plays: The Separate Editions of With the Alterations Done by Various Hands The immense popularity of the works of Shakspere is most clearly shown by the very great number of editions which have been brought out, numbering not less than 542 in his native language, and also by the multitudinous editions of his Plays which have been separately published. The universality of knowledge contained in the dramas of Shakspere - their thorough development of humanity, possessing as they do more actual wisdom than the whole body of English learning - have won for them the highest appreciation and general acceptance. Not only in the country of his birth, but throughout Europe - even in the far East and the cold North - have the Plays of Shakspere found readers and translators. In England his praises are on all mens tongues who are in any way acquainted with English literature; and through the medium of dramatic representations they have become as familiar as household words amongst the play-going public. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
