

## The Sultans Daughter

In *The Sultans Daughter*, Chamberlin returns to the silken world of intrigue in the Ottoman Empire of the 1560s. This richly embroidered tapestry brings harem, palace, and empire vibrantly to life and sets the stage for characters first introduced in her acclaimed novel *Sofia*. Giorgio Veniero, once a Venetian sailor, now a eunuch, guards the life and honor of his beloved mistress, Esmikhan, wife of the Grand Vizier. Unable to bear children that survive, the Sultans daughter nearly resigns herself to a life alone, unloved by absent husband or child. *Sofia*, captured by the Turks at the same time as Giorgio, enralls the heir to the Ottoman Empire with her loving wiles. Secure within the cloistered depths of the harem, Safiye, as she is called, wields power that stretches its tendrils far beyond the palace walls. When these plots grow to threaten Esmikhan, Giorgio does what he can to thwart them. But his more difficult challenge lies in the love he bears Esmikhan. When kidnappers threaten her, this slave must choose between his chance to regain freedom and his desire to help the woman he loves. And when forbidden passion tempts her astray, earlier dangers pale in comparison. Giorgio finds that he holds Esmikhans happiness in his hands - and risks death for both of them, should he give it to her.
