

## Sundowners

A very 21st Century blockbuster, this has all the classic elements - nailbiting narrative, absorbing relationships, glamorous locations - with an extra shot of intelligence COSMOPOLITAN Take four friends... Rianne: beautiful, wealthy and thoroughly spoiled, she has the world at her feet but is about to risk everything. Gabrielle: intelligent, loyal and always worrying about everyone else, now its time for her to start looking after No.1. Nathalie: petite, pretty and with a shrewd eye for business, she uses her work to help her forget the one man she cant have. Charmaine: flirty and outrageous, she knows all about the good life. She just needs someone to pay for it... Then a chance encounter changes everything - and for Rianne and her friends, nothing is going to be the same again...
