

## F.E. Its a state of mind

Tony works in a college of further education and nothing he does seems to have any purpose. If that's not bad enough, he secretly loves a girl he sees in the pub each week but she just thinks he's a weirdo. So, what is the point of it all? To be with the girl? To leave his job? But what if work is not just a place he goes to, but is a state of mind that is everywhere? Who can rescue Tony from that? Tony seeks out the true purpose of his life as he investigates the mystery of the missing page 68 and in so doing, uncovers the truth about what is possibly the 21st Century's greatest conspiracy.
