

The Traveler V: Forging the Aligned

TTREACHERY AND DESPERATION ABOUND . . . Roman finds the darkness of his own mind disturbing. He finally returns to the world and discovers that the Game has not slowed down. His heart is broken over the death of his beloved Samantha, and he cares nothing for his direction in life. Orion feels the wrath of the dark master as Roman is mysteriously concealed from the Hunt. He is desperate to remove his Player, but all trails have turned cold. The once mighty hunter desires to rise up the Loyalty once again to finally remove Lucifer from his throne. Zion senses darkness across the world. There is fear, with a powerful puppet master gaining more control. The Parish has sought out their French Roman, with equal failure. The times are turning dire, and a new spy means only to wreak the Parish further. Daniel the spy has found a foothold in the depths of Lucifers world. He is positioned perfectly to gather information for Zion, but Zion has not forgotten this betrayal against all humanity. Lucifers plans are in motion. His proclaimed General, Damon, has grown in strength and shows ability to lead a massive army into battle. His fears about Roman have slightly faded; yet he still feels the danger the most sought after Player can still become. Anger against Lucifer and Orion alike has the realm of the fallen splitting into factions. The Loyalty and the Crest are forging, alignments are forming. The lines are drawn for the battles before the war!
