

Soul Familiar 3: Fated

Fate is not an eagle, it creeps like a rat. In other words its a sneaky, hairy little bastum, son-of-a-gun and you have two options on how to handle it. You let it walk all over you, or you wrestle it into submission. Not that Im into rat wrestling, but I for one do not intend to have tiny footprints all over whatever part of my life fate chooses to use as a doormat. My name is Alex Layton and enough with the metaphors already. My lover, wizard-partner and soul mate Tyler Montgomery and I have run out of time. As decreed by the Council of Elders that governs the affairs of soul familiars, Tyler and I must now face a trial of magical combat. If we win, our bond becomes permanent. If we lose, we are separated forever. With options like those, fate had better watch her ass.
