

## Romance, Quintessence and The Theory of Conscious

A man travels in time to save a married girl that he falls in love with after she is killed by her husband who is not what he say he is. The year is 3000 AD, Tristan is a programmer. He writes a program that allows Artificial intelligences to reason, sympathize and think for themselves. He meets Madeleine (a married girl). It is love at first sight. Soon, Madeleine is killed by her husband Leonardo (the richest man in the solar system who owns various artificial Intelligence factories). Tristan goes back in time and saves her life. Tristan and Madeleine find out Leonardo is artificial intelligent. He killed Madeleines real husband and took his place. Leonardo and his mercenaries led by Calix hunt them and capture them alive. Leonardo takes them to a parallel universe called Sytopia where Artificial intelligence rules the world. In Sytopia, Tristan meets Seraphina (she is the Queen Bee of this world). She asks Tristan to write a program that allows A.Is to love and fall in love, in short to give them a soul. Tristan agrees. They give him a Lake house in Sytopia. He writes a program for Soul. Seraphina takes the program and lets him return back to his universe. Tristan reunites with Madeleine. They move to Paris. Later, Leonard tracks them down again. He tells Tristan that they just built a Creation Machine that takes them on journey to infinity (using Tristans formula). They need the password. If he doesnt give them, theyll kill Madeleine. At the Creation Center, Tristan gives them the password. The machine scans the structure of Tristans DNA to access the code. Leonardo tells Tristan to try the machine first. Tristan travels to infinity. He takes the Cradle of Creation (the very thing that started everything... The most powerful treasure ever) and returns back to the institution. Leonardo takes the same trip and finds out that the treasure is gone. Tristan and Madeleine escape from Leonardo, teleporting through the thin air...

and come to California. Tristan hides the treasure in his Palace. Leonardo and his mercenaries led by Calix come to Tristans Palace. After a wild shootout, Tristan and Madeleine surrender. Leonardo threatens to kill Madeleine if Tristan doesnt give them the treasure. Tristan gives them the treasure. In the meantime, Seraphina and her Troops come to Tristans Palace and kills Leonardo and his goons. Seraphina takes the treasure. Tristan and Madeleine helplessly watch unable to stop them. After Seraphina and her Troops leave, Tristan pulls the real treasure out of nowhere and shows it to Madeleine. Seraphina took a fake treasure. Tristan and Madeleine kiss. They turn into light and disappear. They reappear in space, making love... and transcend into infinity and beyond.
