

## Torch in the Night (Kevin Traynor Book 1)

If the nations of the world were to unite against what would they unite? Against whom? Manhattan corporate lawyer Kevin Traynor gets entangled in a conspiracy that threatens to destroy his world in the name of humanity. Through the skyscraper canyons of Manhattan, along the Old Man River, to the boondocks of Old Europe, and over the roofs of Paris Traynor has to hunt a secret that is about to end civilization as we know it. The hurricane of the century, enemy jetfighters, explosions, and earth-shattering disaster what can stop him? And whom can he trust? The government? His associates? His friends? His mysterious new lover? Himself? Anyone? Who is scheming to bring about the end of the world? Greedy businessmen? Corrupt politicians? Religious fanatics? Or... Kevin Traynor. With the right to be politically incorrect.
