Cipher Roxin Macius, a high school graduate has just finished his prom night and waits for his parents to pick him up. However, their vehicle never shows up. Even worse, their land line suddenly becomes unavailable as his call is directed to the operator. Realising something isnt right, he runs home where he finds cops surrounding the remainder of the house, his parents dead with bullet wounds and his records of achievement destroyed. With nothing left, he has no choice but to start over with the help of his uncle where he begins his training in advanced combat. But the murders are far from over. Starting from the cops suddenly dropping their investigation, the death of his uncle and his name being added to the Blacklist Files: a list of most wanted criminals in the country. He is thrown further into the darkness of society with multiple unanswered questions surrounding both him and his familys past. Why were they murdered? What did they originally work as?
