

## Doppelganged

A year after scientist Dr. Rishikesh Singh and his wife survive a plane crash in India, the injured doctor becomes a recluse while their company and foundation take a strange turn from neurological research into the realm of virtual entertainment. The H.I.4 Section of Homeland Security calls in Parker Glynn, two years after the businessman-turned-spy survived an encounter with Al-Qaeda to stop a second terror strike after 9/11. Glynn's mission: pose as an investor, infiltrate the Singh Foundation and determine if the doctor is still mentally competent or if a doppelganger has taken his place.
