

## My Visions of Hope

The book is based on trials, tributes and family ties. It explains life in general, the good, bad, and indifferent. This book is a dedication, especially to my grandchildren. They may or may not follow the trend of my foot step, but it could be a guiding light to all readers. Poetry is a therapy to ones mind, it can allow people to overcome difficult times. The contents of this book may not fit every lifestyle but i hope my poetry will open eyes and touch hearts.
