

Spiritual Living: What Works?and What Doesnt

Spiritual Living: What MattersAand What Doesnt is for the reader who wants to have a fuller and more rewarding spiritual life. Written in a clear, conversational style, the book focuses on those issues that really matter to our spiritual life, discussing and dismissing the often unanswerable questions that really do not matter. It also responds to the common difficulties faced in these times and in this culture with the language and doctrines of the Christian churches. With pertinent questions at the end of each chapter, this book is ideal for discussion groups, youth and adult religious classes, and spiritual retreats, as well as for the individual reader. It includes an annotated bibliography.
