

The Tender Shore

Civil Regulator Matt Ransom and his wife LeAnn are years removed from the world-changing revelations of *The Velvet Sea*. Those events tested their love and made it stronger than before. But not everyone involved in the unraveling of the crime at the heart of *The Velvet Sea* has fared as well. *The Tender Shore* finds Stacy adrift when her world is shattered by an assassin while on vacation in Mexico with Matt and LeAnn. Matt's investigation into what's really behind it all will take him from Mexico to Miami, and finally Brazil, as he discovers the fallout from the conspiracy uncovered in Paris years ago, is just as deadly. Everyone from *The Velvet Sea* is back, in this darkly sensual and thrilling look at an Earth about to lose the faith it has regained if Matt and LeAnn cannot prevent someone bent on revenge from bringing Earth to a tipping point.
