

# Ambition

When handsome young Australian businessman Marc Braddon finds himself at the mercy of two tricksters, he wastes no time hatching a plan to beat them at their own game. But success leads to a potentially hazardous obsession: the need to be his own master, to go for the big payoff regardless of the risk. As Marc navigates the corporate obstacle course, he must identify the dangerous rivals lurking among his allies and gamble everything repeatedly to come out on top. While struggling to climb the corporate ladder, Marc's love life is taking twists and turns of its own. He finds he has to choose between a sensual, unscrupulous sex kitten and the soulmate he's been searching for all his life. As the stakes get higher and higher, Marc begins to see two roads stretching before him but only one will lead to true happiness. Set against the striking, varied backdrop of Sydney and other parts of Australia, *Ambition* thoroughly engrosses and entertains on a deeper level, it weighs the needs of the heart against the spirit's restless drive to achieve on its own terms.
