

## Genesis Project: Killing the Sons of God

When Michael Zarkuhn, a mysterious stranger, attempts to warn a secret society about the attacks on September 11, 2001, before they even occur, the members think he is mad. But when his wild claims become reality, his abilities and knowledge land him a position as the Collective Inner Circles head of security and intelligence. Their goal is to thwart other secret societies from achieving world domination. With Zarkuhns help, the group locates a sacred relic given to Moses by God in an effort to discover the genetic coding of the Sons of God mentioned in the sixth chapter of Genesis in the Holy Bible. Murder and intrigue ensue as the Catholic Church and other factions attempt to recover the object and destroy the opposing groups. The entity in possession of the gift also holds the power to rule the world and Michael was there when the gift was given. But Michael has changed since then
