

Wrath of the Falcon (Kingdom of the Falcon)

Wrath of the Falcon A princes ransom - his weight in gold! It is the deceptive promise of easy riches to those who would stoop to villainy at its worst. But to kidnap a prince alive does not happen without fierce resistance. When evil becomes brutal and the heir is at risk, the king sheds all restraint. Amidst the turmoil, allegiances are betrayed, blood is spilled, and unimaginable sacrifices are made to protect the child of the king. Wrath of the Falcon is set in the 15th century. It is a fast-paced action adventure where no one is safe and the only thing predictable is the unexpected.
